Simplified matters, clients, bills and calendar management

Orbcom took advantage of its experience with various companies in the Legal Industry to develop a single web platform, which includes all the tools needed for the management and success of your Law Firm, in-house legal professional or corporate legal department.

Legal Matters is a cloud-based practice management solution that provides a simple system for the practice law business. Analytics, process automation, team collaboration (Social App), matters management and mobile access are just some of the many features of this amazing platform - anywhere, anytime, any device.

Manage

Putting all of your data in one place - where all of your employees can access it, no matter where they are - is critical for succeeding in today's world.

Track

Imagine a platform to manage matters and fee arrangements (by practice area, attorney, etc), customize task timesheet, calculate and register expenses. Won't it be great?

Collaborate

Legal Matters integrates an internal collaboration tool that helps people and organizations collaborate instantly in context and get more done.

Automate

Avoid missed deadlines and overlooked details; manage and control process type flows, automate internal fees, expenses, bills and payments.
